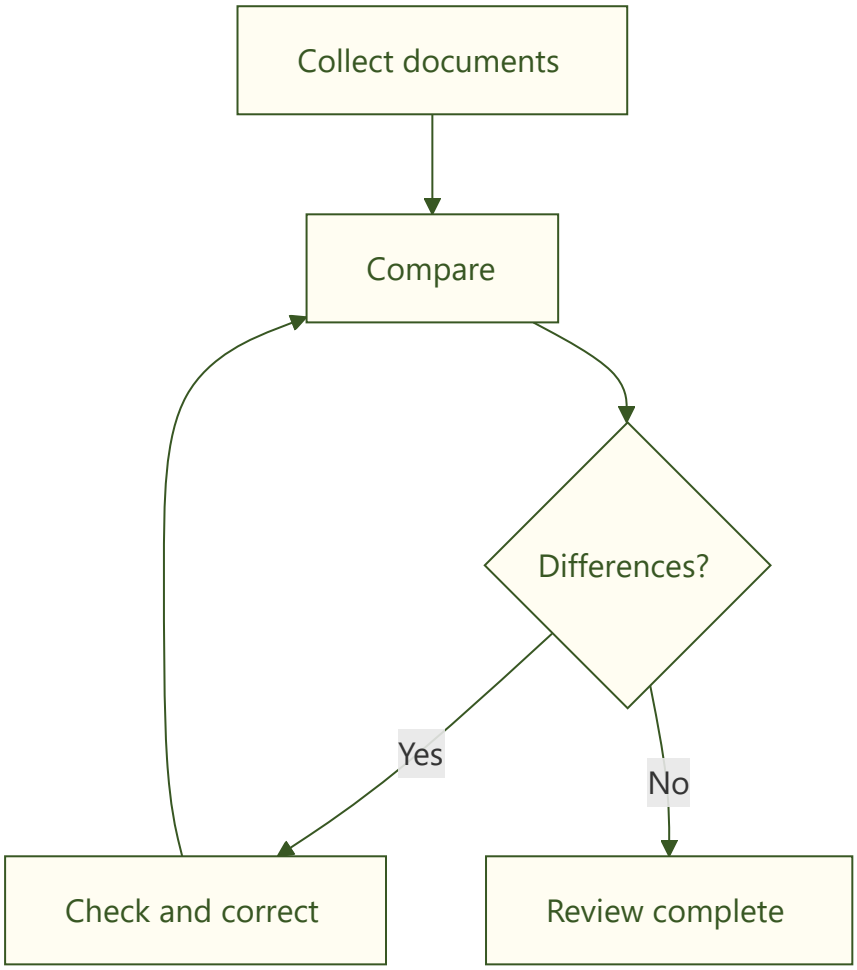
Document review procedure

Purpose: compare model numbers, ratings and revisions.

1. Collect the documents.
2. Compare model numbers, ratings and revisions.
3. Record differences and ask the owner to check them.
4. Review the corrected documents.



Item	What to check
Model number	Same across documents?
Rating	Matching numbers and units?
Revision	The intended revision?

- [x] Documents collected
- [ ] Differences checked
- [ ] Corrections reviewed

Try it

Open a copy in mdEditor and change one `[ ]` above to `[x]`. A checked box appears in the preview. Select “Save”, then “Save as PDF”. Open the PDF and check that it includes the diagram, table and checkmarks.
